30th October 2024

To Whom It May Concern:

I am delighted to recommend Victor Marquez, who served as Lead Senior Salesforce Developer at YellowBasket, LLC from February 2022 to October 2024. Victor's exceptional expertise in Salesforce, including Lightning, LWC, and Apex, as well as his contributions to recent AI initiatives, were instrumental to our technical success and strategic growth. His proactive approach and technical leadership consistently drove project success and made a positive impact on our team and clients.

Victor's strengths lie in his ability to manage technical projects from start to finish. He led full-lifecycle Salesforce implementations, spearheaded AI solutions with LLM and Python, and contributed to .NET projects on Azure, showcasing both versatility and innovation. His bilingual skills in English and Spanish further strengthened our client relationships and team dynamics in a diverse environment.

Victor is a motivated problem-solver, a strong communicator, and an asset in any technical role. Although his departure was due to company restructuring, I am confident he will bring the same excellence to future opportunities. Please feel free to contact me for any additional insights into his qualifications.

Michael Frey

President, Yellow Basket
